

GREASLY-A DATA SHEET

01-08-2018

Model	Article No. NS2	Article No. NS4	Description	Quantity pcs
Prima	1201-02-PR	1201-04-PR	Separator body made of PE	1
			Lids GA with seal and locking ring	2
			Inspection window DN150 including flange, 2 gaskets and bolts	1
				
Mix-M	1201-02-MM	1201-04-MM	Additional equipment to Prima model:	
			Extraction pipe DN65 with elbow, rubber coupling and connection flange	1
			Manual water filling unit DN20: syphon with retainer, ball valve with bracket	1
			Mixer with 2 impellers, electric motor 0,55 W 230/400 V, manual controller Mix-M	1
			Grease alarm GA-1	1
				
Pump-T	1201-02-PT	1201-04-PT	Additional equipment to Prima model:	
			Extraction pipe DN65 with elbow, rubber coupling and connection flange	1
			Automatic water filling unit DN20: syphon with retainer, ball valve with bracket,	1
			Mixer with 2 impellers, electric motor 0,55 W 230/400 V	1
			Grease alarm GA-1	1
			Gate valve DN65	1
			Disposal pump 2,2 kW 400 V 50 Hz, Vortex impeller	1
			Control panel Pump-T	1
